PROFILE

BE Information Technology graduate with enthusiasm for learning and building web applications. Proficient in front-end, back-end, databases and modern web technologies. Eager to contribute to real-world projects and grow professionally.

PROJECTS

Beach_Resort_Booking

Present

HTML, CSS, Bootstrap, JavaScript

- Designed and developed a fully responsive beach resort booking website.
- Created sections for rooms & suites, facilities, activities, gallery, special offers, and contact/booking.
- Implemented user-friendly booking/contact forms with validation.
- Used Bootstrap grid system and components to ensure a mobile-friendly and consistent UI across all devices.

GitHub: https://marathenehaa.github.io/Beach_resort_booking/

Bakery_Shop

Present

HTML, CSS, Bootstrap, JavaScript

- Developed a responsive bakery shop website to showcase cakes, cupcakes, pastries, and other products.
- Created sections for categories, product listing, about us, and contact.
- Implemented product cards, navigation menu, and enquiry form.
- Used Bootstrap components and responsive layouts to provide a smooth user experience.
